

LAF AND GROW PHAT.
The Daily News big Sunday edition with colored "Funnies" is a scream. Everybody likes it. No other paper in California, outside the metropolitan cities, carries such features.
The News is growing so fast this spring it has to get a new pair of pants every week or so.

Richmond News

THE PEOPLE LIKE IT
Counting the usual four readers to a family, there are over eight thousand people who read the Daily News every morning!
There are good reasons for this.
Are you one of them? If not why not?

CAL. JAP LAW OPPOSED BY WILSON

Sec. of State Gets Cable From Lansing—Peace Treaty Is Nearing Conclusion—State Commission Men May Be Placed Under License Control—World and State News.

Following is Secretary Lansing's reply from Paris in answer to the query of the California Senate as to the advisability of anti-Japanese legislation:

Paris, April 8.—Hon. Joseph A. Beck, Secretary of Senate of California, Sacramento, Cal.: Your considerate cablegram in relation to the proposed bill in relation to the landing of so-called picture brides has been received. I wish to express to you on behalf of the President and myself our appreciation for your informing us of the bills which will be introduced in the state Senate; in view of the present situation in international affairs here in Paris, it would be particularly unfortunate to have these bills introduced or pressed at the present time. There are other problems which would make such action very embarrassing. I sincerely hope that you will inform the Senate of the contents of this cablegram and the earnest plea on the part of the President that no legislation such as that proposed will be introduced or considered at this time. Expressing my thanks to you for this opportunity to consider the advisability of legislation affecting our foreign relations, I am, with respect,

Yours very truly,

ROBERT LANSING.

POWER TO SIGN TREATY GIVEN BRITISH ENVOYS

PARIS, April 10.—The British peace envoys today received royal warrant empowering them to sign the peace treaty. This indicates that the negotiations are rapidly approaching their conclusion.

REASONS UNDERLYING PARIS PEACE WRANGLE

PARIS, April 3, 1919.—Serious, perhaps fundamental, differences have grown from dissensions at this week's wrangling at the peace conference. These dissensions and wranglings have been so malevolent as to carry suspicion that the differences beneath the wrangling were purposely magnified.

The most pronounced differences are between the French and President Wilson. America is standing against annexation of the Saar Valley by France and against a trial of the Kaiser for war; the first position taken because it violates one of the fourteen points, the second because international law forbids

(Continued on Page 3).

TO SPEED MANIACS

Police Judge Odell has issued a warning to all auto speedsters who are making a practice of racing their cars near the schools and along the principal streets of the city. Several complaints have been turned in that delivery trucks are keeping their mufflers open, and especially the light Ford cars are racing at a high speed near the school yard, endangering the lives of the children. A few days ago Judge Odell fined Elmer Hansen \$50 for speeding near the Washington school, making it \$2 per mile, that the next person brought before him for speeding will not only be heavily fined, but will be given a jail sentence. The judge will be upheld in this by all sane citizens.

MOOSE ENTERTAIN LAST EVENING

The local Loyal Order of Moose certainly had a very pleasant evening at their regular meeting last night. It turned out to be a surprise meeting with dandy little surprise banquet included which will surely make some of those not present wish they had come. However, there was a good attendance. The banquet was handled by Joe Tomasek and Bert Ohlin. Jack Crow had charge of the entertainment.

Short addresses were made by M. H. Hayes, Brother Martin, C. B. Donnelly, Dr. Blake and others. Baby Healy and the Reed sisters put on some beautiful dancing stunts. Retiring dictator, W. W. Scott was presented with a beautiful diamond set Moose ring, the presentation speech being made by Judge Hannum.

A large delegation from the local lodge is going to Oakland this evening to be present at the installation of officers of the Oakland lodge. This is in the nature of a booster meeting to stimulate attendance of Legionnaires here at the Legionaire celebration to be held May 3 and 4.

The local lodge is now in better condition financially than it has ever been before. They are going to give a jitney dance next Thursday evening especially for the benefit of Mooseheart, the Moose home for fatherless children.

New officers were elected as follows: Retiring Dictator W. W. Scott is succeeded by Dictator-Elect Zeb Knott. Other officers elected are vice dictator, J. H. Smith, prelate, Wm. B. Jenkins; sergeant at arms, A. O. Bennett; inner guard, Dave Mitchell, and outer guard, P. Jansen.

Building Trades Council Meets

The Building Trades Council for Contra Costa County met last night. F. W. Heckman, delegate at large, reported on the State Building Trades Council convention held in Fresno. The Labor Temple committee reported favorably on a plan to build a new Labor Temple. The "2700 Club" reported that they are making good progress in their campaign to boost Lane, Thornton and Carey for city councilmen. All delegates reported general working conditions improving.

CONGRESSMAN WILL VIEW HARBOR

H. W. Wernse, Sec'y of Industrial Commission, Gets Congressman Kettner to Visit Richmond to See Harbor Work and Help Congressman Curry on the Appropriation.

After considerable correspondence and effort on the part of H. W. Wernse, secretary of the Richmond Industrial Commission, he has induced Congressman William Kettner to come to Richmond and look over the harbor work done here by the city and the federal government, so he can report first hand and be of material assistance to our Congressman Chas. F. Curry in obtaining further federal aid for the completion of the great work now under way to make Richmond one of the greatest ocean shipping ports on the Pacific coast. Congressman Kettner writes from San Diego under date of April 8 as follows:

Dear Mr. Wernse: I surely will avail myself of your invitation to visit Richmond, for I would like to inspect your harbor. I have always been interested in Richmond, and admire the energy and disposition of the people, who have worked so hard for its development. In my opinion you are entitled to help.

No wonder Congressman Curry never loses an opportunity to bring Richmond Harbor to the front with such people behind it. Here's success to you, and may your hopes and plans all be realized, is the sincere wish of

Yours very truly,

WILLIAM KETTNER.

91st Division Men Arrive Home Today

Four trains of troops forming the advance detachments of the Ninety-First, or Wild West Division, passed through Ogden yesterday on their way to the Presidio of San Francisco for demobilization.

The Ninety-First Division was organized of national army men from the Pacific Coast states and there are many men therein from the bay cities. The division made an enviable record in Flanders and the Argonne campaigns, having taken part in some of the fiercest of the fights in those sectors.

Mr. and Mrs. I. L. Gary, Stockton, visited Richmond yesterday.

PHOSPHORIC PHILOSOPHY

The sucker birth rate continues about the same. Others are wide awake while you are asleep. About the worse sin is having none at all. The one-horse shay beats a one-lunged auto. Ford with make an editorial car some day for 49c. A dude is a cross between nothing and nobody. No scandal attaches to love your own wife. Better be kind to your neighbor—he knows. The fun of being wicked is much exaggerated. Some people pray for things the Lord hasn't got. Of the billions spent in war the soldier gets little.

\$50,000 RICHMOND REAL ESTATE DEAL

The Richmond Abstract and Title Company reports one of the largest acreage transfers in the vicinity of Richmond yesterday when it filed the sale of 430 acres of land, north of San Pablo, near the San Pablo Creek. The land was formerly owned by the late T. H. Hittell and the transfer was from Mrs. Katherine H. Hittell to John McMahon and George Milligan owner of the large Varsity Creamery near San Pablo. The deal covers an amount of over \$50,000. The land was formerly used by the Hittell people as a dairy and stock ranch and has netted a large income to the owners.

Oakland to Have Two-Platoon System

The Oakland city council unanimously passed the ordinance today adopting the two-platoon system in the Oakland fire department on its first reading. The ordinance has to pass two more readings before it becomes effective, but from the council's action today friends of the measure have every confidence in its early passage.

San Francisco's success with the proposed system was cited as an example. Richmond will have to decide on this same question shortly and it is confidently expected that this city will line up with the other bay cities in inaugurating what has been demonstrated to be the most efficient system of fire department organization.

Louis Gains, who was operated upon at the Craven hospital several days ago, was able to leave for his home yesterday. He was under the care of Dr. Cunningham during his sickness.

BETTER BABIES IS NOW THE SLOGAN

Mothers of Richmond Assisting Uncle Sam in Keeping Tab on All the Kiddies and Studying How to Make Them All Physically and Mentally Better—Good Literature.

Better baby week starts Monday all over the country. Each community has its own staff of recorders, nurses and doctors who will subject any child up to the age of 6 years to a thorough physical examination, giving the mothers the results they obtain through the measurements, weight and physical examination. The committee in Richmond in charge of Mrs. H. A. Stiver will collect all the data as was done last year during the first better baby week in Richmond, and send it to the federal government, where they will be filed.

It has been found through careful statistics that the majority of the draftees who were disqualified for physical reasons from serving, was because they had been brought up and taken care of, not through negligence, necessarily, but through the not knowing of the condition of the child by its parents. The purpose of the better baby week is to make a better and finer race physically, which also will make possible a better race all around. The better babies week is being conducted in every city in the United States through the urgent call of the government to have a better manhood and womanhood for the future generation.

Mrs. H. A. Stiver, who is in charge of the preparations of child welfare week, has named her assistants and the places at which the examination will take place as follows: Mrs. Billie Brown and Mrs. C. A. Odell will be in charge

(Continued on Page 3).

PRESBYTERIAN CHURCH NEIGHBORHOOD MEETS

Neighborhood meetings of the First Presbyterian Church are to be held on Friday night at the homes of W. W. Norton, A. P. McKenna, H. L. Rockwood and W. H. Smith.

The meetings will be for discussion and planning of work under the New Era Movement.

DOUG SAYS:

The Old Top says, "Orders are orders, and you can usually depend on them to be disagreeable." I see by the papers that Wilson won't stand for France hanging the Kaiser. Yes, and he went and ruined our perfectly good war just as we were getting one passionate hustle on the Hun! A bunch of dames herded together in New York a year ago. Let's do war work. Then they spent three months picking out a uniform. What this country wants is a delousing station to remove Bolsheviki. I see the per capita wealth of the U. S. is around fifty bucks. Wish mine was personal instead of per capita.

LAST BASKET BALL GAME TONIGHT

The last basket ball game of the season will be played on the court at the Richmond High School tonight, when the local team and the Martinez High teams meet to settle old differences. The Martinez High has one of the fastest quintets in the county and has defeated several of the fast clubs about the bay, among them the well-known Berkeley Y. M. C. A. five. The Richmond team defeated Crockett, Crockett defeated Martinez, so it looks as though Richmond will defeat Martinez, but games hardly ever figure right on paper. Besides from that master stroke of calculation, the Martinez boys are on their toes and will put up a game fight to what seems a helpless cause.

The girls' first team of the Richmond High will play the Martinez High and should the Martinez High have the players of last year's team it looks like a bad outcome for the local school all around. The admission is nominal and there will be a big dance following the games, as the Martinez students do not leave Richmond for home until 12:30. The line-up for the Richmond team will be as follows: McLaughlin, McDonald, Greathouse, Summers, Gaddy, Brooks and Moore.

So. Richmond Club Will Give Dance

The members of the South Richmond Improvement Club are going to give a dance at the East Shore Park on Saturday evening, May 17, for the purpose of raising funds to equip the children's playgrounds to be laid out in the South Side district. This is a greatly needed improvement and should have the undivided support of all, as it has as its object the happiness and physical development of a great many children. Dance tickets for the gentlemen will be 50c, ladies free.

The following ladies of the club were chosen as the dance committee: Mrs. L. K. Farren, chairman; Messrs. C. Hoover, C. R. Blake, G. A. Ripley, R. Cunningham, H. Curry, G. Edwards.

INTERESTING RED CROSS SHOW

Fine Program Last Night Attracts Much Attention—Anthony Treppe Is Director—Educational Features Attract Many Children in Afternoon and Growups in Evening.

The showing of the exhibit of the Pacific Division, Red Cross, at the Lincoln Auditorium yesterday afternoon and evening was a huge success. A continuous flow of school children in the afternoon and of adults in the evening visited the exhibit. The exhibition was highly educational in the respect that it showed the people the work being done by the Red Cross in its twenty-three departments, each of which is an organization in itself.

The biggest work now is the helping of the destitute in America and the liberated countries of Europe. This work is called the civilian relief. No matter how the people are situated or their standing in life they are always aided with food, clothes and materials with which to start life anew. The exhibit depicted the life of the Red Cross in its caring for thousands upon thousands of families who have suffered through the war and by sickness.

The exhibition displayed the object and success of the work of the Red Cross in a way which, although unique, is understood even by the tiniest tot who saw the carefully gathered exhibit, showing the work in the departments of nursing, civilian relief, military relief, Junior Red Cross, salvage, chapter production, supplies, community publicity and speakers, reconstructed garments.

(Continued on Page 4.)

Auto Trades Assn. Holds Meeting

A meeting was held last night of the Auto Trade Association, which is quite an organization in Richmond, although no one ever hears much of anything about it. F. G. Conn resigned as secretary of the association, for the reason that he has disposed of his business interests here and is going away, and L. Ochanter was elected to fill the place.

The association is going to give a dinner and social time to all its members in the near future, and prior to that will give a dinner in honor of Mr. and Mrs. Conn, their retiring secretary, who has always been a good worker and booster for the society.

YOUNG MAN

MECHANICS BANK
Macdonald Avenue at Eighth St.
"At the Sign of the Clock"

Have you aspirations in life? Do you desire to be something above the ordinary—to be known as one of the solid men of your community? The first step towards reaching this goal is to start saving your money. Whatever your ambition in life may be, it is absolutely necessary to have a bank account back of you—not only for the sake of the money itself, but for the prestige a saving habit gives you. If you have not already taken this first step that leads to realization of your expectations in life, come down to this bank and take it now. You can start a Savings Account with as little as \$1.00. We add to it with a 4 per cent interest compounded semi-annually.

Knitting Mills Obtain Capital and Machines

The recent purchase by J. A. Johnson of Ferndale, Humboldt County of 16,000 shares of the capital stock of the Princeton Knitting Mills of this city has drawn new interest in this thriving and intensely interesting factory on North Twenty-Third street.

Mr. Johnson invested \$11,350 for this stock, and further shows his faith in Richmond's future by closing a contract for a \$5,000 bungalow to be built on Twenty-Third street. He will take an active part in the management of the knitting mills, which, with the extra financial assistance brought to the firm by his advent, promises a bright future for the industry.

A reporter from the News called yesterday and found a very confusing array of many looking machines, each with about a million parts. Superintendent W. Heber very kindly took him under his wing and showed him about, explaining the complicated machinery. For instance, there was the circular machine which operates 1,200 knitting needles fast and furiously, each

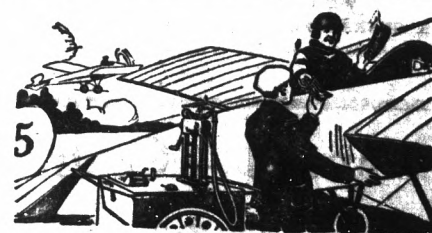

needle catching the strand of yarn, pulling it into place, and letting loose of it at exactly the right time. If any one of these needles should fail to catch whole army of industrious little needles stop as would an army of men at the command of the general.

Space does not here permit going into detail with each of these wonderful machines. Suffice it that there are a number of kinds and varieties which do their particular and complicated work much more surely and hundreds of times more rapidly than the fingers of the most skilled grandma. They have machines which sew parts of sweaters together, cut and sew button holes, and sew on buttons with incredible swiftness. But what is even more astonishing is the wide range of styles, sizes and colors of all kinds of knitted goods. There were the most beautiful sweaters, a gora fish-tail slip-on sweaters, anyone from the little child to the fattest woman, in all colors of the rainbow. Bathing suits—ahem—men's jerseys, boys' jerseys, scarf

sets, little boys' hockey caps, tams, toques, etc. The firm does absolutely no retailing, as they believe in protecting the merchants whom they sell; so husbands you can draw a long breath again.

The firm has added four more expensive machines, two flat knitting machines which just arrived from Switzerland in response to an order placed two years ago, and two circular knitting machines purchased in this country.

In regard to the all important question of future prices of knitted goods, Superintendent Heber had this to say: Prior to the war woolen yarn could be bought for \$1.25 per pound; during the war and until a short time ago at \$3, while now the price has declined to a very firm quotation of \$2.40, which means that the ladies will have to pay the present price for this kind of goods for some time to come. Business is picking up, and at the rate the orders are coming in from their road men, Mr. Heber says they will soon have a force of thirty or more girls at work.

Handy funds, however you travel

AVIATORS, like motorists, yachtsmen and other travelers for business or pleasure, need funds that are readily accepted everywhere, without having to be cashed.

"A. B. A." Cheques are accepted like cash by hotels, supply dealers, garages and transportation companies. 50,000 banks cash them.

The only identification needed is the countersignature of the owner in the presence of the person accepting a Cheque.

ABOUT PUBLIC OWNERSHIP

A society in New York has sent out to all newspaper editors over the country a questionnaire asking what public sentiment is about the government taking over the railroads or turning them back to private ownership and control.

We have replied to them that as far as we have been able to do it out, by talking to people, hearing others talk, reading editorials in exchange papers, etc., it is our judgment that public sentiment here is in favor of public ownership of the railroads, and all other great public utilities, just as soon as such ownership can be brought about without unduly disturbing commerce and conditions generally; that the enormous expense, or debt, or both, necessary to bring that about is all that deters opinion from advocating the taking over of all such public utilities permanently by the government; and that until some means can be devised for doing so a strict government control and supervision is advocated.

We believe that the trend of public sentiment here is along those lines. Very few advocate turning the railroads back to private control and manipulation, or allowing anything akin to the old corrupt regime of a few years ago, when the railroads dictated politics and almost everything else, including prosperity of the people or the building up of great trust corporations by the rebate system.

It is claimed now by many that if the government owned the big public utilities, employed several millions of men at good wages and fair treatment, that those men would be satisfied, contented and happy, patriotic to such a government and ready to fight for it if necessary, instead of joining all manner of Bolshevik and Socialistic societies and being dissatisfied with conditions of labor, living, etc. France is cited as an instance of this sort of management by the government, and the result is stated to be the fact that France has more individual home owners than any other country in the world.

Against all this arises the objection that such an administration would be in such control that it could never be changed. Well, if it did all right and most everybody was satisfied and contented, what's the idea in changing it? All that sort of thing is a matter of detail and surely safeguards could be thrown around it which would cover all objectionable features.

Government ownership of all great public utilities is coming, and it is not going to be very long in arriving. The trend of public sentiment is in that direction, and anything the public wants it can get if it wants it bad enough to take the trouble.

KEEP UP THE ACQUAINTANCE

A great many American communities got better acquainted with themselves during the war than they ever had been before. Red Cross chapters, Liberty Bond campaigns, defense societies, community councils for various kinds of war work—brought them into decidedly closer touch and gave them a better understanding of themselves.

The fact is we Americans are not very sociable. Pretty much, we go our own ways and among our own comparatively small sets. At first glance an American country town looks the very picture of democratic sociability, where everybody not only knows everybody else but knows all about everybody else's affairs and discusses them with the greatest candor. But if it is a typical town you may soon discover that its sociability is strictly limited. You will find plenty of families—often foreign-born families, but not necessarily—who have very little contact with the genial current and about whom nobody knows very much.

War brought communities generally into closer touch. People lived with a warmer sense of community interests. The Red Cross and the Liberty Loan drives and the defense societies, and so on, will soon lose their primary reason for existence—or have already lost it—but the broader sociability and the habit of working together should not be lost. Community councils ought to be kept up.—Saturday Evening Post.

20 PER CENT PER ANNUM

That is what your Liberty Bonds can be made to pay, with iron-clad guarantee backed by ample property and some of the best and most conservative business men around the bay. No chance whatever, but a safe, sure, conservative and yet profitable investment. For full particulars call on K. T. Boardman, at the News office, Richmond. Only a limited amount of this investment is open and the opportunity will not be likely to last more than a few weeks.

Better Babies Is Now the Slogan

(Continued from Page 1.)

at Point Richmond; Mrs. Newcomb, at the Union High School, where the east side district will be cared for. Trained nurses will do the examining in each place. All mothers are urged to bring their children for examination, as they will receive vital information along the lines of the proper care of their child.

In conjunction with the better baby week the Richmond public library will have an exhibit of the books on scientific motherhood recommended by the California children's year committee. These books cover all the phases of child care and training which include: "The Expectant Mother," "Care and Feeding of Children," "Study of Child Nature," "Character and Ethics, Religion and Moral Education, Adolescence, Care Hygiene and Sex," "The Exceptional Child," "Vocational Guidance," "Recreation and Reading."

The federal government is urging organized sex instruction in every community and has asked the libraries to supply books for the purpose. Such books and pamphlets as have been received by the library will be on display and an outline of the government's plan will be given. Later in the year the plan will be systematically taken up by the Richmond Parent-Teachers' Association and the library. There will also be a selection of "good reading" and picture books from the children's room of the library and a series of charts showing the food problem of the child reduced to simple, graphic terms will be displayed. Miss McNeill will be at the clubhouse both days to answer any questions in regard to the library, and to issue borrowers' cards to any mothers who may desire to become members of the Richmond Public Library.

Coming Events

April 12—Social dance, East Shore Park, by Store House Employees' Social Club of the Standard Oil Refinery.

First Annual Firemen's Ball, East Shore Park, Saturday evening, April 19.

April 26—Annual ball, Contra Costa Temple, 113, East Shore Park.

April 22-26—Redmen's Kila-How-Yah celebration and carnival.

April 26—Annual ball, Contra Costa Temple, 113, East Shore Park.

April 29—Whist party by Mary B. Hamilton Auxiliary at Bank Hall, Public invited.

May 4—Grand picnic by Loyal Richmond Lodge, I. O. O. F. Manchester Unity, at Lafayette Park.

May 24—Annual ball of Miramar Chapter, Order of Eastern Star, at East Shore Park.

Barnes Big Circus Richmond April 18

Al. G. Barnes big four ring wild animal circus which winters at Venice, Cal., opened this year's season March 20 and is tramping this way. Richmond will be converted into a jungleland Friday, April 18, when this big exclusive animal show exhibits here giving afternoon and night performances.

The Barnes circus needs no introduction in this territory as it is well remembered from its annual visits here and the excellent exhibits of unexcelled animal exploits.

As an added adjunct to the program a dancing act of forty dancing girls has found place on the two hour program. A big fairy spectacle namely: "Alice in Wonderland," is the opening feature. A street parade is scheduled at 10:30 show day morning and doors to the animal and main tent will open at 1 and 7, an hour before the performances, which may be used in getting acquainted with the animal actors while listening to a concert by Barnes Marine Band of forty pieces.

Reasons Underlying Peace Wrangle

(Continued from Page 1.)

holding heads of states responsible for acts of war.

America will stand for a temporary lease of the Saar Valley mines to France to help pay for indemnities which Germany otherwise can not pay, but France wants territory in perpetuity and the kaiser hanged. These fundamental points, causing friction, do not, however, limit the field of wrangling.

In the meantime, as peace is delayed further and further, the Germans are using the delay to organize their propaganda against signing any peace.

TORNADO DEATH TOLL NOW REACHES 167

DALLAS, Tex., April 10.—Latest figures available today placed the number of killed by the tornado which swept Northern Texas, Southern Oklahoma and Arkansas at 167, with the list of injured expected to reach 300.

BELIEVED AGREEMENT IS NEARLY REACHED

PARIS, April 10.—While a virtual agreement has been reached by the big four on the question of reparations from Germany, the failure to name any definite amount in the treaty raises the question of what will the people of the allied and associated powers say. The indications are that trouble is already brewing in England.

One of the American delegates expressed the following opinion today: "One result, it is almost certain, will be to discourage the work of production in Germany, as it leaves the enemy peoples 'up in the air.' The position of the United States is that the exact amount should be named, but owing to what seemed a hopeless deadlock on figures the Americans did not protest against not naming the sum Germany must pay so long as the fourteen principles laid down by President Wilson are complied with."

PROPOSED LICENSE FOR COMMISSION MEN

SACRAMENTO, April 10.—Distributors of milk, fruit and vegetable commission merchants, wholesale dealers in eggs, manufacturers of bread and cold storage warehouses operators should be placed under state license immediately, the joint legislative food investigating committee reported today. The Legislature should declare wilful destruction or hoarding of food stuff for the purpose of maintaining price levels to be a crime, and wilful gambling in foodstuffs should

GOVERNMENT WILL ENFORCE DRY LAW

WASHINGTON, April 10.—Three thousand internal revenue agents, working in specially arranged zones throughout the United States, will enforce prohibition after July 1, according to plans announced today by the revenue bureau.

Nearly 800 inspectors will be trained for the work, to be added to the force of 2,283 revenue agents already available for police regulations, and the machinery for enforcement will be in working order before the date when absolute prohibition becomes effective.

This force of special agents will be distributed among the districts where law violation is threatened to the largest extent, and special attention will be paid to cities where revenue officials look for most persistent efforts to make whiskey illegal. In addition the revenue authorities plan to co-operate with local police, and to leave the greater part of the enforcement work to these authorities in localities where the police appear efficient. Without such a plan the force of even 3,000 federal agents would be insufficient to police the entire country.

Although manufacture of liquor for personal use will be equally illegal with the production for sale, revenue agents are expected to devote most of their time to the commercial traffic, and to leave the enforcement of the law against personal manufacturers to local police.

\$25 REWARD
I will pay a reward of \$25 for information leading to the arrest and conviction of any person of persons sending in false alarms of fire by pulling the keys in the boxes of the Fire Alarm System of the city of Richmond.

be eliminated through prohibiting the sale of such products among dealers in the same class, the report said.

BIG FOUR CONSIDERING THE RHINE VALLEY

PARIS, April 10.—Viscount Morley, Andre Tardieu and Charles H. Haskins, the special committee on Western European boundaries, were called before the council of four today. This gave rise to the belief that Premier Lloyd George, Clemenceau and Orlando and President Wilson were considering the problem of the Rhine Valley.

MIRAMAR CHAPTER BALL MAY 24TH

The annual ball of Miramar Chapter, of the Order of Eastern

Star, is to be held at East Shore Park on May 24th, and plans are laid to make the event even more enjoyable, if possible than the many former annual affairs given by this lodge. The Committee on arrangements for the ball is composed of Charles Peterson, Mrs. Rose Curry, Mrs. Harry Hammond, Mrs. T. T. Cramer and Mrs. Charles R. Blake, the latter being chairman.

Local Laconics of Richmondites

Clarence Brown, recently discharged from the navy, has returned to his position with the Federal Reserve Bank in San Francisco.

H. E. Johnson has taken out a permit to erect a \$250 addition to his residence on Third street, between Virginia and Maine avenues, and Theodore Marcollo to erect a \$250 garage in Chanslor avenue, between Third and Fourth streets.

Rev. D. W. Calfee expects a visit today from his nephew, Lieutenant Walter Calfee, who returns from service in Siberia. Lieutenant Calfee will make only a short stay and proceed to his home in Bozeman, Mont.

At the whist party given by the Onetah Council of Pochontas, the prize winners were Mrs. W. W. Pearson and H. A. Green; the consolation prizes were taken by Mrs. McMillan and George V. Hill, while a guessing contest was won by Mrs. F. Welch.

Miss Iva Tolle and Mr. Walter Zimmerman quietly stole away to San Rafael and were married Tuesday afternoon. Their numerous friends in Richmond wish them all the happiness in the world.

Mr. Calvert of the local telephone branch is in receipt of a collection of photographs taken in France. The collection was made in that part of the country held by the Boche previous to the armistice and show vividly the condition in which the despoiler left the country when forced to withdraw.

J. H. Gibbs, who is to be operated on today, was visited by Mr. Martin Gordon of Gordon & Gibbs of San Francisco. Mr. Gibbs' condition is thought not to be very serious.

C. H. Doyen, who has been serving with the Aviation Corps for eighteen months at Kelly Field, Tex., and at Rockwell Field near San Diego, has been discharged and is back in Richmond with a big broad handsome smile for his large group of old friends.

C. R. Dittmer dropped in to look over his property interests here from Napa.

John Silva and family and family have moved to Newman and embarked in the dairy business. R. W. Byrne moved them yesterday. They came here from Portugal about thirteen years ago, with nothing, and are now rich.

It is becoming evident every day that, for some reason or other, Geo. Cushing is going to poll more votes than some people give him credit for.

Easter vacation is here. All Richmond public schools will be closed during next week during the Easter vacation.

Attorney Horner was called to San Francisco yesterday by business in the federal court.

Martin Mattern, local employee of the Standard Oil Company, has let a contract to C. E. Menser to construct a \$2,200 home in Richmond annex.

M. A. (Harry) Hayes' million dollar oil picture of himself appears in our picture gallery this morning. Of course we realize that we are taking grave chances in running some of these guy's pictures in the paper, and may lose all our subscribers, for people won't stand for everything, but they insist on it, and so what is a poor editor to do. We have six more coming up from the picture factory, Fernald, Thayer, Lane, Carey, Scott and Thornton—ain't it awful?

Mrs. C. E. Clark and Mrs. J. W. Rose were San Francisco visitors yesterday.

The Knights and Ladies of Security held their regular meeting last evening and were favored with Lewis.

Interesting Red Cross Show

(Continued from Page 1.)

hospital necessities, and all manner of toys, model garments and original messages and letters.

A person viewing the exhibition became more and more impressed in the great work done by the Red Cross and the big field which is opened and has to be covered by their work. There were several articles illustrating the hospital field work, in which the Red Cross had eight trains running day and night between the front line dressing stations and the hospitals. Each train had its own operating room and many lives were saved through the brilliant work. These trains were in operation in France one and a half years prior to the entrance of America into the war.

The Junior Red Cross has done a great work in the making over of clothing for refugees and destitute children—undergarments from socks or stockings, knitting, the making of toys to be sold for the purpose of gathering money for material.

A display of the salvage work interested many, showing the different objects collected and the use made of each. Several pictures illustrating the canteens, the refugee camps, hospitals in Europe and America. There are about 800 canteens in the United States.

Anthony A. Trempe, director, stated that the Red Cross was starting a campaign for a greater subscription for the Red Cross Magazine, which now is also being written in Spanish for the benefit of the South Americans, Central Americans, Mexicans, Porto Ricans, Cuban and for the inhabitants of the Philippines.

The exhibition leaves today for Bakersfield and an idea of its size can be gained from the knowledge that it weighs 1,000 pounds. The department of development of the Pacific division is sending the exhibition to the principal cities in this division, which includes Nevada, Arizona and California.

A program was rendered last night during the exhibition which was greatly enjoyed by all. It was in charge of Mrs. Chapman and consisted of the following numbers: Percy Neil, solo; Clarence Brown, recently of the United States radio service, gave a short talk on his experience in the Far East, and the new Elks' Club orchestra rendered a few excellent selections.

Gerwin Talks Easter Hats

Hats! Hats! Hats! and more hats. Three floors of all that delight a woman's heart. We have had some experience in paying for hats, but we have never seen more under one roof than at Gerwin's in Oakland. Everything is bright and clean and new. Courtesy begets service, and service spells success. No doubt the mothers and daughters have read over the adv. in this morning's News, and will go to see them. If not let mere man's tip be taken. Go and have a look.

G. A. R. LADIES MAKE MEMORIAL DAY PLANS

Plans for Memorial Day were made by the G. A. R. ladies at their meeting Tuesday afternoon. The committee which was named to handle the program includes: Mrs. Anna Jarvis, Mrs. Emma Rowe and Mrs. Josephine Neville. Comrade J. Sperry was obligated at the meeting. A birthday dinner was served following the meeting for Mrs. Van Valer, Mrs. Benkeley, Mrs. Rose Galvin and Comrade Sisson.

Comrades of the G. A. R. who were honored guests of the affair were C. H. McCausland, Henry Galvin, Levi Boswell, P. R. Gardner, F. Sisson, J. Stewart, J. T. Wells, R. L. Fernald and J. Sperry. The dinner was in charge of Mrs. Kittle Tyler.

OLIVE HOMESTEAD MET LAST NIGHT

The Olive Homestead met at Pythian Castle last evening and had a very enjoyable and interesting business session. The foreman, Mrs. Minnie Conn, resigned her office, as she and Mr. Conn are planning an extended tour by auto for the benefit of Mr. Conn's health. They expect to start Tuesday of next week. On the 24th the lodge will elect a new foreman. Next Thursday is the regular social night for the Yeomen and their friends, and plans have been made for a good program and dancing.

FOR SALE—A bargain, two lots, four-room house, good well and windmill and garage. Property fenced with hedge. One block from Cutting Boulevard. Three blocks from car line. Telephone Richmond 389-J after 5:30 p. m.

FEDERATED CLUBS FINISH CONVENTION

Miss Claude Leach of Walnut Creek was named president of the Alameda District Federation of Women's Clubs of California, at the district convention yesterday.

Other officers elected were Mrs. C. P. Rogers, Hayward, Alameda County, vice president; Mrs. W. S. Montgomery, Lockport, Stanislaus County, recording secretary; Mrs. M. F. Spencer, Walnut Creek, and Mrs. Arthur Gott, Alameda, auditors.

An address by Mrs. Annette A. Adams, United States district attorney in San Francisco, and the selection of the next convention city were the features on the program. Four resolutions were presented for the indorsement of the body by the chairman of the resolutions committee, Mrs. R. R. Rogers of Haywards.

They include the indorsement of Mrs. Schloss for the presidency of the State Federation; the organization of war savings stamp clubs throughout the district; the articles of the peace league and of President Wilson's stand, and registered protest against the proposed plan of brewers from the United States to continue their business in China upon the inauguration of prohibition in America. A copy of these indorsements will be sent to each senator from California and to the secretary of state.

Mrs. Katherine Smith of Richmond, president of the federation, should be highly complimented on the excellent program arranged by days.

See Priscilla Dean At The Richmond

Priscilla Dean, the fastest rising star in the photoplay firmament, is coming to the Richmond Theatre to play in another of her Universal Special attractions. This one is called "The Wicked Darling." Any one who has not enjoyed this star's vivid and versatile personality has not seen her.

"The Wicked Darling" is the story of a girl who tried to beat back to the straight and narrow path because she, all of a sudden, had learned to love a man who trod that path unwaveringly. He did not know she had been a thief, and above all, he did not know she had the pearl necklace she had stolen from his fiancée still in her possession. She was afraid to give it back, lest he find out about her. And then an old associate in crime told the man after all.

Dance Notice.
A dance will be given by the White O. Dept. at East Shore Park May 3. Admission 10c. The dance is for the convention, which is said to be one of the best ever conducted by the Alameda District Clubs. Mrs. J. B. Osborn, president of the Richmond Club, said it was the finest convention that she had ever attended and that Mrs. Smith had a wonderful program and a fine list of speakers and of prominent people present during the convention. She stated that the visiting women were treated royally by the Martinez Club during their three days' stay. Mrs. Gibson, secretary of the district; Mrs. Osborn, Mrs. Smith and Mrs. Burdick attended the convention from the Richmond Club during the three days.

Equipment to Be Retained by Soldiers

WASHINGTON, April 10.—Every enlisted man on discharge, the War Department announced today, will be allowed to retain as his personal property the following articles of uniform equipment:

Overseas cap (for men with overseas service, hat for others), olive drab shirt, woolen coat and ornaments, woolen breeches, one pair shoes, one pair leggings, one waist belt, one slicker and overcoat, two suits underwear, four pairs stockings, one pair gloves, one toilet set, one barracks bag, gas mask and helmet (for overseas men only).

Soldiers who have already turned in their equipment are authorized to redraw them by applying to the director of storage in this city.

The department today called attention to the fact it is unlawful for a discharged soldier to wear the regulation uniform without the red chevrons which show his connection with the military establishment has been terminated according to law.

FUNERAL OF C. E. CARR

Funeral services were held yesterday afternoon over the ashes of the late C. E. Carr, under the auspices of the G. A. R., Mr. Carr having been a member of that organization. Rev. Calfee administered the last sad rites for the departed soldier at the Smallwood Chapel.

YESTERDAY'S SCORE OF P. C. LEAGUE GAMES

The Pacific Coast League official reports for yesterday's ball games show Seattle winner over San Francisco by a score of 3 to 1; Sacramento tied Oakland, 2 to 2; Portland tied Los Angeles, 1 to 1, while Salt Lake won from Vernon, 2 to 1.

NOTICE M. W. OF A.
There will be an important business meeting at the hall Friday evening which all members should attend, and they are especially requested to do so. 4913
